TOTAL NUM		2574	1759	815.0	2166.5	0.73	0.0	0.0	REMARKS FOR THE MONTH	
AVE.		83.03	56.74	26.29	69.89	6			Very dry month	
								Days	0	
MAX.	Dates	90	69	39	78.5	0.31	0.0	0.0	The rain gauge used in observations from 1958 to 1984 was about 2.5 - 3.0 inches square at the top. It was tapered to a smaller size at the bottom that exaggerated the scale more at the bottom than the top. This gauge worked poorly to measure snows particularly if they were > 3 or 4 inches. This gauge was then replaced with a 4 inch plastic gauge that was scaled in hundredths of an inch on the inside cylinder.
