TOTAL		1984	986	998.0	1485.0	0.97	0.0		REMARKS FOR THE MONTH
NUM		31	31	31	31	4			
AVE.		64.00	31.81	32.19	47.90			Days 0	
MAX.	Dates	80	54	49	64.0	0.70	0.0	0.0	The rain gauge used in observations from 1958 to 1984 was about 2.5 - 3.0 inches square at the top. It was tapered to a smaller size at the bottom that exaggerated the scale more at the bottom than the top. This gauge worked poorly to measure the scale more at the bottom than the top. This gauge worked poorly to measure snows particularly if they were > 3 or 4 inches. This gauge was then replaced with a 4 inch plastic gauge that was scaled in hundredths of an inch on the inside cylinder.
